FOR IMMEDIATE RELEASE

Ayush Herbal Drops Boost Healing Potential

Ayush offers six of its popular Ayurvedic formulas in drops for ease-of-use & absorption

Redmond, WA (June 2, 2011) – It's easy for patients to take their herbal supplements with Ayush Herbal Drops, premium wildcrafted or organic Ayurvedic standardized herbal extracts in alcohol-free, glycerin-based drops.

Manufactured by Ayush Herbs Inc., one of the premier Ayurvedic herbal companies in the U.S., the drops, available to healthcare professionals for resale to patients, are ideal for individuals, including children, who find it hard to swallow capsules.

The tinctures are also quickly absorbed by the body. "It takes the system at least 30 minutes to break down and assimilate capsules, while herbal tincture extracts enter the bloodstream within minutes through the saliva, explained [Dr. Virender Sodhi](#), Ayurvedic MD, naturopath physician and CEO of Ayush Herbs.

"This is especially important for individuals with weak digestion, as the digestive process is bypassed," he noted.

The drops give a boost to smoothies, soups, yogurt, applesauce, juice, tea, or water, and can also be taken under the tongue.

Available in two-ounce bottles for \$9.80 (professional price), tinctures include:

- **Trifal** - Triphala is one of the most revered Ayurvedic formulas for supporting digestion. The herbal combination in Trifal (amalaki, bahera and haritaki) has been considered the secret to longevity and robust health in Ayurveda for centuries
- **Livit 1**- Phyllanthus amarus, the herb in this formula, supports the liver, skin and gastrointestinal tract
- **Livit 2** - The synergistic blend consists of sixteen herbs known for liver-supporting and detoxifying properties
- **Ashwaganda** - Also known as "Indian ginseng" Ashwaganda can calm the mind, relieve nervous exhaustion, enhance cognition, stabilize the mind function, and promote sleep
- **Neem Plus** - A blend of several Ayurvedic herbs including neem and amalaki, the formula is useful in supporting the immune system and promoting healthy skin
- **Rentone** - Offers kidney and urinary support with a unique combination of Eastern and Western herbs in addition to other nutrients
